## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 3, 5-8, 10-14, 19 and 20 are allowed.
2. The following is an examiner's statement of reasons for allowance: Independent claims 1, 14 and 19 have been sufficiently amended to distinguish over the cited prior art. The examiner agrees with applicant's arguments in the remarks filed September 29, 2003 that the cited prior art, alone or in combination, fails to teach to suggest a motivation to use a device having all of the limitations recited in the claims. An updated search of the prior art has yielded no new prior art references that can be used to reject the amended claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Drawings***

3. New corrected drawings are required in this application because the filed drawings are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

*Conclusion*

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The additional references listed on the attached PTO-892 form disclose air scenting devices.
